

## Post-Class 6 Assignment

**Present a lecture to a friend, twice - using worst- and best-practices.**

Due: Session 7

Consider some of the topics discussed in class and in the readings – with a partner (outside of class) use the lecture developed in Assignments 5 & 6 and deliver it twice: once using the “positive” presentation techniques, and once using the “negative” presentation techniques discussed in class.

Write down your partner’s reactions to your effective and ineffective presentations in the table below. Don't forget to include your name!
