

Post-Class 8 Assignment

Teaching with Educational Technology: Consider how you could implement one particular type of educational technology to advance a course- or class-level learning outcome.

Due: Session 9

Identify a technology that you have not used before, but that you would consider using when teaching your own class. Answer the questions below and come to class prepared to share your answers with others.

1. Why did you choose this technology?
2. How would you use it?
3. What Intended Learning Outcome are you hoping to advance?
4. What potential difficulties might you encounter when implementing its use?

Name / Chosen Technology	Your Responses
